- Conception and realisation of innovative and interdisciplinary permanent and special exhibitions
- Establishing and deepening national and international collaboration with museums, universities, and institutions
- Planning resources and budgets within the framework of the existing budget regulations and monitor compliance with them, as well as acquire third-party funding
- Promoting human resources development

### Your profile

- Completed academic university studies (Master's degree, Magister/Magistra, Diplom univ. or equivalent degree) in art history, art or cultural studies with thematic reference to the collection
- Several years of leadership experience combined with a cooperative and integrative management style
- Sound experience and success in modern cultural and museal management as well as science and professional interface management
- Proven experience in planning and running special exhibitions
- Knowledge and experience in budgetary law as well as economic expertise and cost awareness
- Good national and international networking with comparable organisations and scientific institutions
- Experience in the successful acquisition of third-party funding and the retention of sponsors and patrons
- Excellent command of German and English, both written and spoken
